

**AMENDMENTS TO THE SPECIFICATION**

Please amend the paragraph at page 8 line 29- page 9 line 2 as follows:

E-mail links from the recipient and relevant to the meeting request can be displayed in the profile panel 406. An e-mail search can be conducted according to date or duration, for example, for emails from that recipient received within the last six months. This approach can also be provided to search the user's email for keywords relevant to the meeting.
